Research and Analysis Branch Estimates for Military and Civilian  
Personnel for the Period 1 October 1945 Through 31 December 1945

1. Attached are estimates of military and civilian personnel required by the Research and Analysis Branch both in Washington and overseas for the last quarter of the 1945 calendar year.
2. These estimates are justified by the work program related to the after-math of hostilities and the establishment of the peace. This work program includes reparations, Civil Affairs, war crimes, map and document collection, and boundary settlements.
3. Further justification is that the present Research and Analysis staff should be maintained for possible incorporation in a Central Intelligence Agency.

Lt. James Q. May, USNR
